FOR THE KIDS...

We recommend for our little Mexican loving friends, items from our tapas menu which are small in portion.

We can adapt a number of items from this menu so that they are not spicy and can, for instance, do plain cheese quesadillas instead of the ones on offer. Also, our wings and ribs, by themselves, are not very spicy with the sauces providing most of the heat element. We are happy to provide the sauce separately .

Another option for children is to share a fajita! With the various different types of fillings on offer, they can choose how to make their own fajitas to match their own tastes!

We can also do small plain chicken fajitas which consist of chicken, cheese, lettuce, wrap and any dips that a child may like for £6.95

Unfortunately we cannot do half portions from our main menu .

ALLERGIES

If you have any dietary or allergy requirements then please don't hesitate to ask a member of staff who will only be too happy to help.

Any menu item with (GF) next to it indicates that the item is gluten free or a gluten free alternative is available.

If nuts are used in any dish then this will be highlighted, however we cannot guarantee that traces may not be found in dishes.
